

10

WAYS TO STAY SAFE WHILE SHOPPING & BANKING ONLINE

1

USE SECURE COMPUTER

Never use a public PC or borrowed smartphone when you go online for shopping.

2

UPDATE YOUR BROWSER

Always check for the latest updates of your browser and antivirus before you go online.

3

RESEARCH THE COMPANY/WEBSITE

How? By reading reviews about it and checking their privacy policy.

4

CHECK THE URL

Always get the correct URL. Don't log in when you are in doubt of any site URL.

5

USE STRONG PASSWORDS

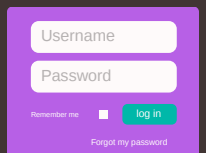

Make them very strong and very hard to guess - even for you.

6

DON'T REUSE PASSWORDS

Avoid using the same password on different websites.

7

SHOP ON ENCRYPTED WEBSITES

Check the URL and make sure it starts with shttp or https.

8

DON'T SUBMIT YOUR INFO BY EMAIL

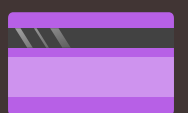

No legit bank or retailer will ever ask you to submit your private info by email.

9

GET VIRTUAL CREDIT CARDS

That way if you get hacked, you won't lose all your money.

10

BE VIGILANT

Keep your banking details safe and never make payments directly to unknown account.
